Subject: A Big Thanks!

Hey Jeff,

I just wanted to thank you again for everything you have done for the hospital. We so appreciated the dumpster for our Volleyball Classic out at Coconut Beach. The event raised over \$25,000 for the hospital and everyone had a great time. This telethon weekend really made me think about how special the friends of Children's Hospital truly are. Your kindness and concern for our facility is inspiring. Thank you a million times over for your constant support. We are lucky to have such a generous friend in you and SDT.

Thanks again,

Lynnsey
